

To Polished Concrete.

We just wanted to call it to your attention about how pleased my wife and I were. When the men showed up, everyone worked as a team. I had put this job off for years, but now that it is done I am so glad. After the job was complete, every thing was cleaned and swept up. When they left all we had to do was stand their and appreciate what a nice job. Several of our neighbors stopped to comment what a nice job they did, And how clean every thing was. Our sincere thanks again and we would Recommend your company to all of our friends. Please send a few Business cards.

Respectfully,  
Ron and Carol Kozlosky
